AVAILABLE GLASS OPTIONS

TRU-ADVANTAGES

- Capitalizes on growing demand for simplistic design elements in the entry.**
 - Flush-glazed glass is built directly into the door with a high-performance dual adhesive weather seal and a simple profile for a seamless look.
 - A squared recessed panel delivers a transitional update to historic Shaker style with a clean, casual aesthetic.
- Enhances curb appeal to the entry with versatile smooth surfaces that complement home exteriors and interiors.**
 - Smooth-Star® fiberglass doors deliver ready-to-paint contours and flexible style.

Privacy & Textured Glass Options

Add the code to the blank in the style number for the desired door and glass combination.

XK = Reeded XE = Satin Etch XC = Chord XJ = Chinchilla XR = Rainglass XN = Granite

NEW DDB & SDL Styles

For Smooth-Star® Entry Doors

Discover new ways to bring popular Shaker charm to the entry. New DDB and SDL styles for flush-glazed full-lite and solid-panel Shaker-style doors blend on-trend contours with purposeful Shaker design to complete the look of Contemporary and Modern home styles.

TRU-ADVANTAGES

- **Blends on-trend Shaker design elements with casual style for a perfect match with Contemporary and Modern home styles.**
 - DDBs and SDLs offer new ways to express personal style while maintaining privacy with a solid-panel door or letting in light with a full-lite door.
- **Therma-Tru. DDBs and SDLs are made with a durable composite material engineered to withstand extreme weather and resist warping and shrinking.**
 - Select styles come with kitted DDBs and SDLs for quick application during fabrication.
- **Engineered for long-term performance, EnLiten™ flush-glazed designs feature double- or triple-pane glass that is built directly into the door with a high-performance dual adhesive weather seal.**

AVAILABLE GLASS OPTIONS

FLAT-PROFILE DIVIDER BARS

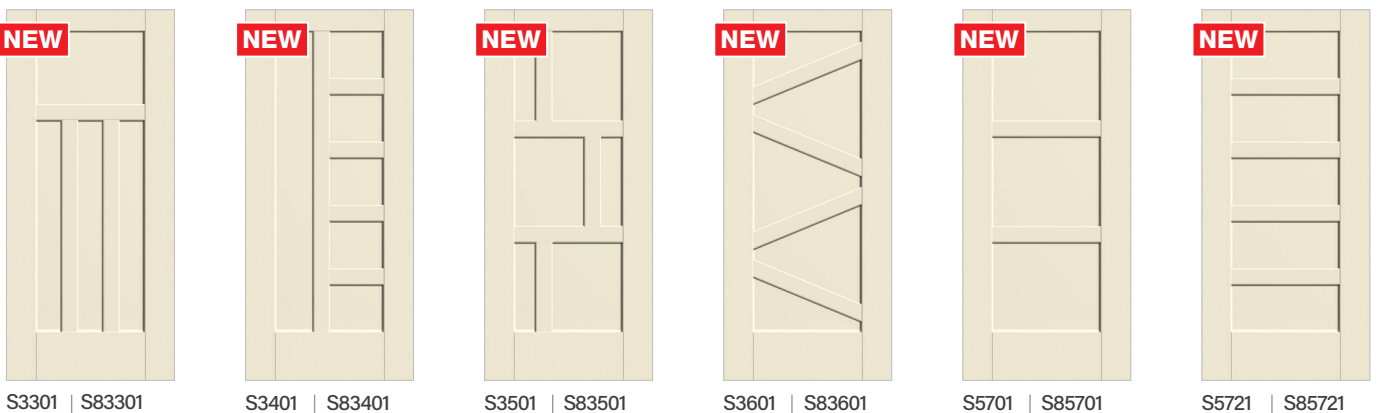

Smooth, flat-profile divider bars can be applied to doors with and without glass to create a variety of styles.

(88.9 mm / 3.5 in.)

AVAILABLE DOOR STYLES

Available in 6'8" and 8'0" sizes.

Smooth-Star® Entry Doors

Ready-to-paint with crisp, clean contours, Smooth-Star fiberglass doors offer excellent performance and value, making them a more attractive and durable alternative to steel.

TRU-ADVANTAGES

- Durable, long-lasting fiberglass skins resist dents, rust, rotting and warping and require very little maintenance.
- Top and bottom composite rails help block moisture that can wick into doors.
- Polyurethane foam core insulates against cold and heat, offering up to four times the insulating R-Value of wood for enhanced energy efficiency.*
- An enhanced lock block combined with a 1-¼" engineered lumber lock stile increases rigidity and stability.

ENLITEN™ FLUSH-GLAZED RIDERS

For Construction & Installation
